SHAKESPEARIAN READINGS .- As a poet historian and dramaust Shakespeare has few superiors, and a careful perusal of his works always adds some item to the store of knowledge. In other cities readings from his plays are quite popular and are always well attended. These entertainments are comparatively rare in this city, and their introduction at the present time proves that literary pursuits were not entirely abandoned during the war, and the Bard of Avon still exercises his potent sway. Professor PORCHER will continue his public readings at the College Chapel to-night, commencing at 8 o'clock. The play chosen will be the first part of King Henry IV, and all persons who desire to hear history and poetry combined should

ACCIDENTAL SHOOTING .- A distressing accident occurred yesterday morning, which resulted in the serious wounding of Richard Pepper, colored. Mr. JOHN APPLE, who keeps a store at the corner of King street and Burns' Lane, had purchased a number of old guns and muskets, with the intention of selling them again. These guns were lying on his counter, and were being examined by several customers, when his little son, while handling them, accidentally discharged one, the ball entering Pepper's thigh, near the hip, and passing through the leg. The wounded man was taken to the Roper Hospital, where he received every attention. On dressing and probing the wound several pieces of hone were taken out, but it is not sup-posed to be necessarily mortal. The musket which was discharged was supposed to be unloaded, and the accident is deplored by Mr. AFFLE, as he had examined the guns and was not aware that any were in a dangerous condition. Although a number of persons were in the store, and the shooting occurred so near the street, no one else was in-

AMERICAN BOARD OF IMMIGRATION. -A copy has been sent us of the Constitution and By-Laws of the American Board of Immigration, This proposes to be a national organization, headquarters at Washington, and having a Vice President and Corresponding Secretary in every State and Territory in the Union, ANDREW SIMONDS, Esq., being Vice President for this State, and Col. BENJ. AL-

ston, Corresponding Secretary. The purpose of this Board is to collect facts with reference to the advantages peculiar to different sections of the country; with reference to the inducements offered by particular States, organizations, and individuals; with reference to localities adapted to different nationalities, trades, protessions and opinions; with reference to ocean and inland transportation; with reference to the cost, sanitary and commercial advantages of particular localities; and with reference to the mineral, agricultural and motive wealth of the nation; and to publish the same in foreign countries.

It will seek to make itself a central and national organization, to which all kindred ones may become auxiliary; and while it will not lend its aid exclusively to particular localities, corporations, or individuals, it will be the medium through which all interests may be faithfully represented. It will seek to enlighten and to protect emigrants from misrepresentation and fraud, and to promote the general prosperity of the country.

OUR PUBLIC ROADS .- All persons who have recently driven over either the King or the Meeting street roads have a painful remembrance of the agonizing jelting that was inflicted upon the unhappy traveller, and will be pleased to learn that efforts are being made to relay a portion of the road in a substantial manner. The Commissioners of Public Roads have advertised for proposals to furnish from three to five hundred thousand feet of three inch plank eighteen feet in length and of the best quality, and to be delivered at stated intervals along the main road from the city limits to the Six Mile House.

A resolution was recently offered in Council by Alderman GERDTS that the City Engineer be empowered to furnish estimates for making a shell or plank road in the city limits. These were presented to Council at the last meeting, but in consequence of the emptiness of the treasury no action was taken, and the report was received as informaticu. Mr. BARBOT's report stated the difference between the two roads, and proved that the annual expense of repairing a shell road would be far less than a plank road, as the repairs to the former only addical strength and solidity to the road-bed.

It is evident that the city can take no steps in the matter at present, but as their finances become improved, it will be necessary to pay some attention to these roads, as their present condition is shocking. A plank road will be the least expensive, but it does not possess sufficient durability to recommend it for general use, and it is constantly requiring repairs. The best policy would be for the Commissioners of Roads and the city authorities to unite on the same plan of road and thus make a public drive that will be an ornament to the city. If operations are commenced at once, the entire route can be finished before next year, but if delayed until the summer, when dirt digging is prohibited, the work will be necessarily protracted.

THE GERMAN BRUDERLICHE BUND WIll give a musical and theatrical entertainment this evening, at their Hall in King, opposite Clifford street.

SOUTHERN RAFFLE. - A rare chance to scoure valuable property is now offered in Georgia. Mr. G. M. GULLET will dispose of his real estate and other valuable property by raffling it on the 28th instant. From the programme published in the Macon papers, Mr. GULLET must have been possessed of a small lot of this world's goods; for the ist embraces plantations, houses, buggies, jewelry, &c., amounting to about sixty-thousand dollars. There are to be 9600 chances and 2375 prizes, or one prize to every fourth chance-the price of tickets being \$5. The scheme promises to be very fair, and the projector refers to many substantial business men in Georgia and Florida. The drawing takes place on the 28th, and all who wish to invest had better draw their money before that day.

BARGAINS FOR THE LADIES .- As we write, the sweet sound of Dixie is heard in the street from ome gay whistler whose voice 'has not yet forgot its cruning. We all remember the enthusiasm which greeted this tune, and the rousing cheers which were given when the chorus. "Hurrah for the homespun dresses the Southern ladies wear, was sung. With the cause homespun went up, and the two prevailing ideas were then calico and econstruction, both of which have been liberally furnished since the crash. Mesers. STOLL, WEBB & Co., knowing that the demand for calico is never estiated, have offered to their lady customers 3000 yards at 124c. It is only slightly damaged, and that can easily wash out. Further comment is unnecessary, as the store is well known and the bar-

gain certain. CLOTHING AND FURNISHING GOODS.—The ladies are not the only persons who change with the seasons. The lords of creation are not a wit behind them, and the fashionable man can always se known by the care with which he attends to the demands of the inexorable goddess. To be well dressed is the ambition of every gentleman, as it is well known that in the majority of cases the tailor makes the man. This remark may appeal rather harsh, coming from one of the naligned sex, but those who have once gloried in the possession of a new suit can hardly deny the assertion.

Messrs. Macullar, Williams & Parker, the well-known King street clothiers, are in the posses sion of many suits, and on the principle that "a fellow felling makes us wondrous kind," they have offered a splendid assortment of spring and summer clothing to the public. There can be no longer any excuse for a dilapidated coat or ragged unmentionables. The war is over and clothing cheap, the latter fact Messrs, M., W. & P. are prepared in

It would be useless to attempt to enumerate the lifferent articles to be found at the corner of King and Hasel streets, and we can only say that if any person wishes to try the experiment they can visit that store and will find it superior to the fountain of youth, for they will emerge rejuvenated and in every respect new men. A reference to their advertisement will enable the most fastidious dandy to make a selection, and—we leave the subject as it is inexhaustible.

To THE LADIES .- If you wish to get a bargain, go to STOLL, WEBB & Co., No. 287 King street, and buy the best quality calicoes at 121 cents per yard. They are offering 3000 yards best quality calicoes (a little damaged) at 124 cents, to be sold only at

Mr. W. Miller says: Pittsburgh, September 4, 1866. Messrs. Hostetter & Smith.

Pittsburgh, Pa. GENTS: I think I am only doing the part of a good citizen when I testify to the great benefits received by me from the use of your Stomach Bitters during the last five years. Sojourning for a time in the oil regions, in 1861, I had a severe bilious attack, which, in connection with dyspepsia, left me in a very weak condition I was advised to try your Bitters, and, having procured a bottle, found that they worked like a charm upon me, eight pounds having been added to my weight in the space of one week, and new life seemed to have been infused into my system, so much so, that I have been induced to use them every summer since that time. As tonic. I think they are invaluable. This summer, having had a similar attack, (and as be

fore, much reduced,) although under the treatment of an A No. 1 physician, I was again obliged to have recourse to the old Bitters, and with the same good re sult, having gained six pounds within a few days. I purchased a half dozen bottles a few weeks since, and purpose to use them regularly as a tonic.

Wishing you every success, I remain Yours, gratefully, WILLIAM MILLED
